Looking for a way to get your company involved?

How about hosting a jeans day that gives employees the opportunity to "dress down for the dogs" for a \$5 donation. The program is simple to implement:

- 1) You pick the date.
- 2) We will customize the flyer seen to the left for your organization. You can email the flyer or print it as a poster to spread the word to employees
- 3) For your Jeans day, we will provide "I dressed down for the dogs" stickers to give to participants in exchange for their donation.
